ABOUT US

RedLAB is a Laboratory equipment supplier. Our mission is to be the trusted vendor of all laboratories in Vietnam, supply the most suitable solutions, products and reliable services to adapt different demands of diverse groups of customers.

RedLAB provides the latest technology equipment from top brands from Germany, USA, Japan, ect.

Long-term cooperation and sustainable development alongside with customers and partners is the goal that RedLAB aims to.

PRODUCTS & SERVICES

LAB Equipment / Instrument

Labware & consumables

LAB Interior - Design &
Installation

Repair & Maintenance

INSTRUMENT & EQUIPMENT

- Autoclaves
- Balances
- Biosafety Cabinets
- Bioaerosol Sampling Products
- Cooling Thermostats
- Drying and Heating Chambers
- Furnaces
- Glassware Cleaners
- Hotplates
- Incubators
- Kjeldahl Distillers
- Melting Point Apparatus
- Rotary Evaporators
- Shakers/Mixers
- Shaking Ultrasonic Cleaners
- Stirrers
- Temperature Humidity Chambers/Walk-in Chambers
- Ultra-Low Temperature Freezers
- Ultrapure Water Systems
- Ultrasonic Cleaners
- Water Distillation Units

- Bomb Oxygen Calorimeters
- Carbon/Sulfur Analyzers
- Chemical Concentration Monitors
- Elemental Analyzers for Carbon, Sulfur, Oxygen, Nitrogen and Hydrogen
- Fiber Analyzers
- Fluorescence Sulfur-in-Oil Analyzers
- Gas Mixers/ Diluters
- H₂O₂, O₃, O₂ Conductivity, Resistivity, pH Meter Dissolved Monitors
- Hydrogen, Nitrogen and Zero Air Gas Generators
- Lubricating Oil Analyzers
- MetallicColor Multiangle Spectrophotometers
- Nitrogen, Hydrogen and Air Generators
- Oil Content Analyzers
- Particle Size Distribution Analyzers (Micro, Nano, DLS, Zeta)

BRANDS

HORIBA

HORIBA

Horiba is a Japanese manufacturer of precision instruments for measurement and analysis. Horiba is one of the top analytical and life sciences instrumentation companies in the world.

DDS CALORIMETERS

DDS Calorimeters (South Africa) was established in 1972. They are the designer and manufacturer of the CAL2K and CAL3K Bomb Calorimeter Systems, the most advanced automatic Bomb Calorimeter systems available today.

DDS CALORIMETERS

Scientific Analytical Calorimeter Solutions

ERKAYA
INSTRUMENTS

Erkaya Instruments

Erkaya Instruments, which provides the most accurate products to the professionals in the grain industry by making analyzes to meet the needs of its customers. It is one of the leading manufacturers of Turkey that produces wheat and flour analyzers and flour additives for flour mills.

BRANDS

PEAK Scientific

PEAK Scientific is a leading innovator in the design, manufacture and support of high performance gas generators for the analytical research fields of LC-MS and GC.

The logo for IKA consists of the letters "IKA" in a large, bold, blue, sans-serif font, followed by a registered trademark symbol (®) to its upper right.

IKA

IKA, a 100 year brand from Germany, has gained a leading position in the world market with its innovative magnetic stirrers, mixers, overhead stirrers, shakers, homogenizers, mills, rotary evaporators, laboratory reactors as well as temperature control products such as circulators, baths and chillers.

HANNA

Hanna Instruments® is a privately held group that designs, manufactures and distributes scientific products used in the analysis of a multitude of industries including Laboratory, Food & Beverage, Hydroponics, Aquaculture, and Wastewater. All production facilities are ISO 9001 Certified.

The logo for HANNA instruments features a stylized blue square icon on the left, composed of vertical lines of varying heights. To the right of the icon is the word "HANNA" in a large, bold, blue, sans-serif font, with a registered trademark symbol (®) to its upper right. Below "HANNA" is the word "instruments" in a smaller, blue, sans-serif font.

BRANDS

Nabertherm

Established 75+ years ago, Nabertherm is an internationally active enterprise in the industrial furnace area. With certification according to the highest possible ISO standard, DIN EN ISO 9001 in quality assurance, Nabertherm's products have been used by more than 150,000 customers worldwide.

HANON

Founded from 2006, Hanon Group is known as the high-quality instrument manufacturer, has got CE certificate, UKAS's ISO Quality Management System Certification, and 86 patents.

BYK

BYK is a globally operating supplier of additives and measuring instruments.

The instruments section (BYK-Gardner GmbH) develops measuring instruments for evaluating the color, appearance and physical properties of coatings, plastics and paper surfaces.

SERVICE

Our qualified service engineers have many years of experience in installation, repair, maintenance of laboratory equipment.

Besides standard warranty period, we offer our customers **repair service** and **routine maintenance services** with packages of 6 months, 12 months, 18 months etc.

- Checking & testing LAB equipment
- Onsite-repairing LAB equipment as required
- Periodic check and maintenance

OUR CUSTOMER

RedLAB provides wide range of products & services for laboratories, R&D departments, research centers, commercial test centers etc. including local companies and MNCs based in Vietnam.

OUR CUSTOMERS ARE IN:

- Universities
- Research Centers / Institutes
- Pharmaceutical Companies
- Food & Beverage Companies
- Oil & Gas Companies
- Electronic Equipment Companies
- Agro-pharmaceutical Companies
- Veterinary Companies
